

Access restrictions

for your own safety

Stuttgart, March 12th, 2020 – Adar 16th, 5780

Dear Sirs / Madames,
Dear members and visitors of our community,

Persons who have stayed in Corona high risk territories during the past 14 days are not allowed to enter the community building. According to Robert-Koch-Institute (RKI) and the Department for Social Affairs Baden-Wuerttemberg corona high risk areas currently are (dated March 15th, 2020):

| Country | Province |
|--------------------|--|
| France | Alsace, Lorraine, Champagne-Ardenne, Département Haut-Rhin |
| Italy | whole country |
| Germany | Heinsberg county (North Rhine-Westphalia) |
| Austria | Land of Tirol |
| China | Hubei province (inkl. the city of Wuhan) |
| South Korea | Gyeongsangbuk-do province (northern Gyeongsang) |
| Iran | whole country |
| Spain | Madrid region |
| USA | California, Washington (State) and New York |

All persons infected with transferable diseases (Corona virus, Influenza etc.) are also not allowed to enter the community building. Please recourse to our phone consulting offers.

As a matter of principale, IRGW can not assume any liability. Every visitor has to decide himself if he participates in any events and offers inside our community buildings.

We recommend older persons and persons with pre-existing illnesses to reconsider whether they participate in any events and approve an avoidable infection risk.

Thank you for your understanding!
